Links to Required Employee Certifications & Training

General Employment Info · https://roundupsaloon.com/docs/links-to-required-employee-certifications-training/

General Notes

Maintaining the currency of the certifications required for your job role is ***your*** responsibility. Please don't make us have to chase you down to get these acquired or renewed. ***Allowing a required certification to lapse may result in a write-up, suspension or termination***. Please consider adding a calendar entry to your phone set to a week before each of your required certifications expire to remind you to get the re-certification knocked out.

Please e-mail your completed certifications to: **certs@roundupsaloon.com**. ***This is the only e-mail address that is monitored for updated certificates.***
